

# Guidelines for Supporting Ownership

---

This post sarcastically presents rules for how to stifle ownership. In the chart below, rewrite them so that they are guidelines for supporting ownership. Then, assess how well you follow the guidelines. Give yourself a grade (A, B, C, D, or F; or ☺, ☹, or ☹). Finally, write comments to yourself about why you've received a particular grade. Encourage yourself with examples of how you follow a rule, or make suggestions about how you could do better.
